Course Objectives

To address common health issues related to women’s health and to equip health care providers with the most up-to-date knowledge related to gynaecological issues. To provide an interactive learning experience and offer practical ideas and solutions that will enhance and improve quality of care and patient satisfaction. To provide discussion and learning around current controversial topics in the area of gynaecology.

Accreditation

- This event is an accredited group learning activity under Section 1 of the Framework of CPD options for the Maintenance of Certification Program of the Royal College of Physicians and Surgeons of Canada and has been assigned 6.0 credits.
- This program meets the accreditation criteria of the College of Family Physicians of Canada and has been accredited for 6.0 MAINPRO+ credits.
- For nurses, this course will fulfill the requirement for reflective practice
