Fetoscope Insertion: Where & How
Seldinger Technique & Direct Entry

Workshop
Fetoscopic Tracheal Occlusion (FETO)
Balloon Removal and Neonatal Airway
Management

Workshop
Fetal Shunts (Chest & Bladder)

Workshop
Cord Inclusion: Bipolar forceps, Radio
Frequency Ablation (RFA) and Interstitial
Laser

Workshop
Fetal Blood Sampling

6:00 Dinner and Discussion on Challenging Cases
Every participant must plan to attend this dinner
where complications of fetoscopy will be
discussed as a group.

9:00 Closing Remarks

NOTE: Lunch is scheduled from 12 – 12:30 p.m.

Course Objectives

Fetal Interventions are becoming *increasingly less
invasive* and require training and experience for
optimal results. The **Fetal Therapy Simulation Course**
provides an excellent opportunity to explore these
techniques in detail, to gain practical “hands on”
experience with the instruments and procedures and
to receive feedback on one’s performance and the
avoidance of complications.

Our faculty are all experienced fetal medicine
practitioners from some of the world’s leading fetal
medicine centres.

Procedures will be performed using lifelike maternal
and fetal simulation models.

This course is suitable for maternal fetal medicine
practitioners performing fetal interventions.
Participants will also be introduced to a network for
sharing and discussion of challenging cases in the
future.

Course Directors

Han Keunen, Greg Ryan, Tim Van Mieghem and Rory
Windrim

Faculty

Nimrah Abbasi
Fetal Medicine Unit, Mount Sinai Hospital, University of
Toronto
Toronto, ON CANADA

David Baud
Department of Gynecology, Obstetrics and Medical
GeneticsUnit, Lausanne University Hospital
Lausanne, SWITZERLAND

This program has been submitted to the Royal College
of Physicians and Surgeons. Certificates with credits will
be given on the day of the course.

Comments from the 2016 FTSC Program

*“Excellent facilitators at each station, nice balance at
stations and very well organized”*

“Great networking and loved the discussions at dinner”

“Simulations were superb and experienced instructors”

*“Experienced teachers, near perfect models, good
spectrum of fetal intervention”*

*“Great hands on experience and knowledgeable
faculty”*

Registration (Fetal Therapy Simulation Course)

First Name: _____

Last Name: _____

Workplace Facility: _____

Address: _____

City: _____

Province: _____

Postal Code: _____

Phone _____
