*Congratulations
to all of our graduates!*

*Dear Alumni, Colleagues, Staff, Family and Friends of
our 2015 Clinical Graduates,*

Thank you for attending this special event to celebrate the successes of our newly-minted specialists in Obstetrics & Gynaecology together with their colleagues completing clinical fellowships in our sub-specialties.

They have all contributed substantially to patient care, education, their research, the field of obstetrics and gynaecology, and to the onward growth of our wonderfully rich and diverse Department. Our Clinical and Research Faculty take great pride in their achievements, and wish them well in their future careers. We hope that the graduates will continue to stay in touch with the Department as they embark upon a new chapter in their careers. We expect to see great things from them. Building on the success of our new format in 2014, we have moved this event onto campus to the Great Hall of Hart House. I hope you all enjoy this occasion.

Sincerely,

*John Kingdom
Chair, Department of Obstetrics & Gynaecology
University of Toronto*

Special thank you to all staff
who helped organize this event:

Cherryl Bird
Adrian Brown
Joe George
Shayna Henry
Khrystyna Levytska
